EDUCATION

Syracuse University | School of Information Studies | December 2025

BS: Innovation, Society & Technology — Concentration: Data Analytics

Relevant Coursework: Front-End Web Development | Data Science | Database Management | Human-Centered Design

WORK EXPERIENCE

Evo-Spouse | *Product Development Intern* | Remote | July – September 2025

- Developed conversational AI prototype for stealth-mode AI startup from the ground up, integrating OpenAI and ElevenLabs APIs to replace manual client engagement workflows.
- Liaison for executive stakeholders translating business requirements into technical specifications and functional prototypes.
- Reduced API costs by implementing an audio caching strategy for high-frequency phrases, optimizing system performance and scalability.

Curiosity Robotics | *Technology Intern* | Tel Aviv, Israel | June – August 2023

- Performed quality assurance across hardware and mobile app touchpoints for an EdTech start-up deploying AI-powered robots for English language learning.
- Digitized content workflows using Google Sheets and Forms; analyzed user engagement data to inform lesson plan improvements.

BLUSA Defense | *Operations & Process Improvement Intern* | Mt. Laurel, NJ | May – August 2022

- Identified a process improvement opportunity by introducing QR and barcode integration into legacy laser engraving operations, creating a new revenue stream.
- Trained staff on new digital workflows and partnered with QA and logistics to improve order accuracy and fulfillment.

LEADERSHIP

Kappa Theta Pi | *Community Service, Scholarship Chairs* | Syracuse University | October 2022 – December 2025

- Designed volunteer tracking systems and academic engagement programs for professional technology fraternity.

Tennis Buddies Squad | *Co-President* | Philadelphia, PA | September 2016 – December 2021

- Co-founded a USTA-sponsored nonprofit teaching 20+ children with disabilities tennis skills weekly over five years, managed outreach, budgeting, and volunteers.

TECHNICAL SKILLS
